New York, NY 10017

Dear Clair:

You're very observant! Yes, the clocks in the upper and lower grandstand are not in the exact position we discussed. In both instances, due to space limitations or not having suitable structure to mount them, I had them put as close to our original space selection as possible.

I will have new photos taken, showing a wider area, and send these to you. I hope the new locations will meet with your approval.

Sincerely

W. Douglas Stewart
Director of Marketing
